Exploration and Opportunities

United World Colleges

- Global education movement that makes education a force to unite people, nations and cultures for peace and a sustainable future

Shad Canada

- The month-long program includes a real-world design challenge that asks students to work on issues such as food security, water management and waste.
- Open to students in grade 10 and 11

Katimavik National Experience

- The opportunity to learn about many topics and to gain various new skills.
- Done through experiential learning, group discussions, fun activities, workshops, and more.
- The program's educational aspect is fundamental and all participants are expected to play an active role in the learning process.
